Standing by with the Cannon and Hammer equipment.
Riot 3 on scene.
Riot 4, also standing by with defense equipment!

I have no complaints with the members, but we do seem to be a bit short handed
The other members are enroute, but for now..
We don't have enough assistance for our aerial forces. We can't just have Commander Signum head out solo...
Roger. Please maintain surveillance
Tha~t's right!
Agito is here, so I will not be alone.

Isis! You'll be assisting with the wide-area guard. Can I count on you to watch my back?
HIIH!
That said, it would be good to have backup.
No, I'm Thoma and Lily's... And besides, I'm not even part of the Riot Squad, right!?
That's why it's not an order. What's your response to my request?
EVEN THOUGH YOU'D GIVE ME AN ORDER IF I SAID NO!
UNDERSTOOD! I'M COMING UP THERE.

OKAY, OKAY, I GET IT!
Lily, I'm leaving Thoma to you!
Right!
EH...?
THOMA! GOT IT? NO SERIOUS THINKING ABOUT GETTING BUDDY BUDDY WITH THOSE HUCKEBEIN GUYS!
FOR SOME REASON THESE SUSPICIOUS TYPES GET REALLY FRIENDLY WITH YOU, THOMA.
AND THAT GOES FOR THESE GRENDEL CRIMINAL ORGANIZATION GUYS TOO!
When these guys take on those criminals that are resting on their laurels...
Well, we have 6 Raptors in ready to mobilize condition.
The escort units are heading your way, so please join up with them.
Passage of the highway blockade complete. Maintaining surveillance.
Still, this is pretty impressive, huh?
Roger.
Please continue to guide the transport trailer accordingly.

SORRY TO DISAPPOINT, BUT THEY'RE HERE~ RIGHT HERE!

AND IN ANY EVENT, I'M GONNA BE THE MAN THAT BECOMES KING O' THIS TOWN! IF YOU'RE WANTIN' AN AUTOGRAPH, NOW'D BE THE TIME!
キィン!!
This town?
... His goals are surprisingly small!!
And his divider is tiny on top of that, so with brilliant judgement we can take him down with everything we've got!
If we do that, we might be able to capture him quickly...!

Oh?
Yeah~! These are the Raptors, huh! A lot smaller'n you'd expect, huh?
The two drivers are fine and have been retrieved
We'll be transporting them to a safe distance shortly!
RIGHT. I'LL LEAVE IT TO YOU!
I'm glad everyone's okay!

Ahn?
Put your hands up! Lay down your weapon and surrender!
If so, you're pretty naive, huh~? Givin' a warning to your Carrier opponent. And tellin' him to lay down his weapon.
Ah. That's it. The kid's tryin' to talk to me.
"I surrende~r" is what I'm supposed to say, ain't it?
Well, Pine, whatever. Alright, somethin' like this, ri~ght.

!?
Ya~y! And then it becomes like this.

WHAT? WHAT'D HE JUST DO!?
I'M DON'T KNOW...!
We can't activate the AEC functions!
Those caught up in it are reduced to lumps of metal... And the live fire guns are suspect!
Heeh! As expected, they're pretty solid
Shall we go a little longer? Really...!
RAPTORS! DEFENSE SHIFT!

CRIMSON...!

DIVIDE
BREAK!

The mark of a nOOb. You're so exposed, o!

R-RIGHT!
Yes sir!
THOMA WILL RECONFIGURE HIS DIVIDER AND MAINTAIN SURVEILANCE.
RAPTORS ARE TO AID THEIR DAMAGED UNITS.
Their cores are still functioning As long as this is the case, repair is possible
Thank goodness!

Not yet. Though that attacker may be the worst, there are still 3 others here.
Erio and Caro have arrived! Since there's only one culprit, this should be resolved quickly...
And one more. Our informant is here as well
Eh...
Another three? Our detection didn't pick up... anything...
THAT SEEMS TO BE THE CASE...
They're doing a detailed location search now
We'll be striking Get ready to move soon
R... RIGHT?

Damn. Our leader, as usual, doing stupid shit
ヒュオオ
It's all fine and good to conceal our abilities, but...
To be wasting our efforts...

Can't let 'em get away with that, you know
Grendel Family "Sniper"
Mariya Ranevskaya

Medical vehicles! This is Raptor Special Units 5 and 6
Please take care of the transportation for the casualties!
Right. Hurry and put them over here!
Yes ma'am!

Where are the others?
Aah. About that...

These stunners are pretty great, aren't they~?
The Mega Power of average urban dynamos~!
I put them to sleep, just like this~
Grendel Family "Courier"
Lolo Endive

And with that said... Head~! Capture of two Raptors complete!
I'll just leave securing the Cannon and Hammer to you~
The less injured one'll make sure they're secured~
You got it, Lolo!
So there you have it. I'm gonna go meet up with Lolo, who got the Raptors.
I'll leave the rest to you, Quinn

Understood
!?
Grendel Family "Special Attacker"
Quinn Garland
Neck x2

Next.
Thigh Artery x3
SHE CUT THEM!? BUT SWORDS AREN'T SUPPOSED TO AFFECT THEM!
It's not a magical blade... The power of a Divider or an ability granted by the disease...
I thought I'd show myself a little, but I guess they can't see me after all.

CYPHA!?
Yeah, it's me
If you can't do a little more than this, you won't be able to protect your girls, you know
Thoma and that tousle haired kid, you're both boys, right?

I'm just going to have to punish you Grendel brats a bit
Now then, since there's a greater acquaintance here, I can't really hold back
Don't use our names, dumbass leader!
QUINN! MARIYA! LEAVIN' IT TO YOU!
FOR SOME REASON A REALLY TROUBLESOME ONE SHOWED UP, OI!
